Great Science Share for SCHOOLS

Pioneered in Manchester—Making a Difference UK-wide

Will you take a visible lead in:

Inspiring young people to communicate their science,
Improving the teaching and learning of science,
Raising the profile and value of school science?

What? A national campaign for young people across the UK to share science with new audiences

Who? Primary & Secondary pupils from across Greater Manchester, linked with schools across the UK

Where? Your school, your locality

When? Tuesday 19th June 2018

Take action:

- Register your interest by emailing greatscishare@manchester.ac.uk
- Encourage your pupils to plan how they will share science with new audiences on the day – what will you do? From a school assembly to a community science fair – the choice is yours!
- Favourite the www.greatscienceshare.org website
- Follow us on Twitter @GreatSciShare #GreatSciShare

Building on the success of the **Great Science Share 2016** and **2017** where over 10,000 young people shared their science with new audiences.
Part of the European city of Science Festival.
